

REFERENCE

**OF00CTE733US**

DELIVERY LANGUAGE

English (course material in English)

DURATION

METHODS

 i-learning

Virtual self-paced training on the computer

 c-learning

**3 days**

Traditional classroom or practical sessions with tutorials (TAP LAB)

 v-learning

Tutored virtual training sessions accessible via an internet connection

MAXIMUM NUMBER OF PARTICIPANTS **12**

### PUBLIC

Technicians and Engineers in charge of the installation and the maintenance of the Alcatel-Lucent Extended Communication Server

### OBJECTIVES

At the end of the course, the participant will be able to:

- Install and configure the Alcatel-Lucent Extended Communication Server main services
- Maintain the Alcatel-Lucent Extended Communication Server

### PREREQUISITES

- To have attended the Alcatel-Lucent Office Communication Solutions Certified Advanced Level 2 training course (Ref.: OF00TE701US)

## PROGRAM DESCRIPTION

To describe the Alcatel-Lucent Extended Communication Server platforms

To describe the Alcatel-Lucent Extended Communication Server packages

To describe the Alcatel-Lucent Extended Communication Server features

To describe the Alcatel-Lucent Extended Communication Server commercial offer

To start and stop the Alcatel-Lucent Extended Communication Server

To describe and use the web based management interface

To describe the licenses activation process

To configure and activate licenses

To describe and configure network

- Integration in the local network
- Internet connection
- DNS server
- DHCP server
- Proxy Cache

To describe and configure the directory

- Groups creation
- Users creation
- Import/export
- LDAP directory access rights and security

To describe and configure the surf control:
